Penalty points are equivalent to games, not legs.
- D. New members shall have the benefit of a pro-rated seasonal fee based on the season in which h/she begins play. (First play of season is fall season; new members fee will be 1/3 of annual fee. This is to be done only in your division: Silver 1, Silver 2, Bronze 1, etc. Not your classification but your division and only on your night; except for the Gold division which has no limitations. Any exceptions to this rule must have written consent of the CVDA Board. No team may add a member after the 7th week of the season without approval of the Board. Any member who has not played in the first seven weeks of the season may not play in the remainder of the season or in the playoffs without board approval. Any player whose first season of CVDA play is, or was, Gold will be given a 2.000PPA. - B. There is a maximum 2 minute warm-up period between games. A player may not shoot on any other board once play has begun.
- C. Forfeit of a match will not be tolerated. If a team cannot play a scheduled match, the captain must contact the opposing captain, the Area Reps. involved with the reschedule, and a board member at least 24 hours prior to the scheduled match time. The captain of the team causing the rescheduling is required to contact the opposing team within three days, reschedule the match, and notify the League Director of that date. The rescheduled match must be played within two weeks of the original scheduled date at the original location, If there are less than 2 weeks left in the season, the match must be made up prior to the last night of scheduled play in your division. If the match has not been rescheduled within the three-day period, the League Director will establish the date and location for the rescheduled match. Any team forfeiting a match will immediately be dropped for the remainder of the season. If the forfeit takes place in the first half of the season, each team who has played or will play the dropped team, will receive a score of 0 for their match. The first half scores shall remain, the second half scores shall be 0-0.

**NOTE: WHEN A TEAM IS INVOLVED IN A FORFEITURE, INDIVIDUAL PENALTIES WILL BE ASSESSED AS FOLLOWS:**

- 1) Any member that is present for the scheduled match will receive no penalty or fine due to their team being dropped from that season's play, they will be allowed to transfer to another team except in the last three weeks of the season.
  - 2) Any member not present for the match will be fined \$50 and will not be allowed to play for any team for the remainder of the season.   - 3) Any individual of a team involved in a forfeiture may appeal their fines or suspensions within 14 days by submitting the appeal in writing to the president of the CVDA within 14 days via the P.O. Box. The president shall call a board meeting within seven calendar days to establish a committee of five un-associated team captains, drawn by lot. This committee shall have the authority to reinstate the team or individual for that season and the authority to suspend the fines. This committee shall advise the board of directors in writing of their decision within seven calendar days.
- D.
- 1) Two players shall be considered a legal but incomplete team at starting time. The night's line-up will be made blind by each captain. The sections of a match shall be governed by the current score sheet. The games may be set all at once, by sections, or one game at a time. Two players play once in each section and a total of four sections in one match. If a team is short players, the above rules are still true.
  - 2) If three players are present, the third player may shoot the doubles, skipping the score of the missing player. A score of "0" shall be recorded for the missing player each turn.
- E.
- All games are begun by throwing cork (center), and only a player scheduled in that game may cork for that game.
- 1) The home team has the option of corking first in the first leg, the visiting team has the option of corking first in the second leg. A flip of a coin shall decide who has the option to cork first in the third leg.
  - 2) Cork ties cork. Double cork ties double cork. Double cork beats cork. The second thrower may request the scorekeeper to remove the dart in the bullseye. The scorekeeper shall determine the winner of the corks. If the scorekeeper asks for a re-throw, it is considered a tie.
  - 3) Reverse throwing order in case of a tie and in the third leg of 2 out of 3 games.
  - 4) The corking dart will be considered the first dart thrown that remains in the-playing field. Additional throws may be made (only when corking) until such time as the player's dart remains in the board. If the second thrower's dart dislodges the first thrower's dart, it is considered a tie.
- F.
- The visiting team shall score for the games on an alternating basis, beginning with the first game.

- G. The scorekeeper may inform the player what he has left and/or what he has scored. He may not inform the thrower what he has left in terms of number combinations. Only the captain (designated captain if the captain is throwing) or throwing partner may advise the throwers during the course of the game. If a captain is scoring, he must appoint another player to advise his throwers.
- H. A player may be on or behind the tape. Board edge of the tape can be trodden and not over-trodden before the dart contacts the dart board. If the rule is violated, the opposing captain should warn the player involved and his captain. Further violations will result in the forfeit of the score obtained from the dart thrown.
- I. No dart shall be removed from the board prior to the decision of the scorekeeper. The scorekeeper's decision is final.
- J. In order to score, the point of the dart must be stuck in the bristle portion of the board and remain there independently until scored by the scorekeeper.
- K. It is the responsibility of the player to verify his score before removing his darts from the board. The score remains as written if one or more darts are removed.
- L. A dart's score shall be determined from the side of the wire at which the point of the dart entered the board.
- M. Errors in arithmetic must stand as written unless corrected prior to the start of that team's next throw. This may be waived in the interest of sportsmanship provided both captains agree.
- N. If a player throws out of turn, his score is removed and the correct scheduled player for that team throws. The out-of-turn player forfeits his next scheduled turn in that game. The opposing team must challenge the out-of-turn player before the next player shoots.

#### **IV. REPORTING RESULTS**

- A. The score sheet must be filled out properly with the first and last name of the players filled in all the way down the sheet. List any new members in the proper spaces provided.

- D. The score sheet must be placed in the designated drop boxes (at the establishment where the match was played), immediately after the match has been completed. Score sheets not in the boxes will be considered late and 2 points will be deducted from the win column. The number of games will remain the same. On the stat sheets these games will show up in the penalty column.

- E. Three late scores and the team will not be allowed in post-season play. If a team shows up short of the minimum of two players, send in a score sheet with the name of the player who did show up. This player is automatically a legal player for the next season.

## DART ETIQUETTE

Darts is considered a "gentlemanly sport". There are certain things that are expected of players, scorekeepers and spectators. While there are some players that do not follow these guidelines, it is usually because they are rude, ignorant or sore losers. Better players will not like to associate with these kinds of players, and often such activity can lead to the better players giving the offenders a "taste of their own medicine". Stick to these simple rules, and you will have a much more enjoyable game and make a lot more friends than enemies.

**Sportsmanship:** Generally, all dart players are good sportsmen. They will shake hands at the beginning of a match and wish each other good luck. Similarly at the end of the game, they will shake hands and say "good game" or "nice shooting".

**No Distractions:** Much like professional golfers making an important putt, dart players like no distractions while throwing. This means:

Do not speak to the player who is shooting.

Don't go "ooh" and "aah" with each dart that is thrown.

Wait until all three darts have been thrown to say "good darts" or "right there".

Do not make sudden movements in front of the shooter. Scorekeepers should remain statue-still while a player is throwing.

Even better is to try to always stand behind the shooter outside their line of sight.

Spectators should try to keep movement and noise to a minimum while a player is shooting.

No one but the scorekeeper or a teammate should tell the shooter what has been hit.

What has been hit should only be announced if the shooter asks.

No one except a teammate, not even the scorekeeper, should ever tell the player what to hit next.

**Score Your Darts Before You Pull Them:** This can avoid many arguments. If you write down the score on the board before you pull the darts from the board, you can show your opponent what you threw if there is a discrepancy.

**Don't Be A Sore Loser:** Appreciate what the other player has accomplished. If the other player bested you, live with it. Remember if you had thrown something really amazing, you'd be happy about it, so be happy for the other player too. Not only will this show that you are a lady/gentleman, but by keeping your own spirits up, you will remain relaxed and throw your next darts better than if you got angry or tense. I have witnessed MANY players (including myself and other members of my team) lose a game purely because they got angry and their game suffered because of it.

# **SCORERKEEPER'S ETIQUETTE**

By Sarah Parsons

- 1) Scorekeepers shall not talk while keeping score!
- 2) Scorekeepers shall not move about while keeping score, stand still!
- 3) Scorekeepers shall not look at the shooter, stand facing the board!
- 4) Scorekeepers shall not call out a score, of one dart or all three.  
Unless the shooter asks you!
- 5) Scorekeepers shall not tell a shooter what to shoot or what combination to shoot for an out!
- 6) Scorekeepers shall not change a score unless it is brought to the attention of both shooters (teams)
- 7) Scorekeepers shall not change a score regardless — if that player (team) has shot again and a second score written down. An error in a shooter's score **MUST** be corrected before he (team) shoots again or it stands.
- 8) Scorekeepers shall not lean out to see where a dart is or is going, nor shall he follow the darts with body or head movement!
- 9) Scorekeepers shall not show any sign of disgust or excitement while at the scoreboard!
- 10) Scorekeepers shall not change the side of the score sheet of the player in three-leg matches. If you start a player on the left side of the score sheet, continue to keep his score on the left— regardless of what the bull shots are.
- 11) Scorekeepers do not pull a bull on the Diddle unless asked by next player.
- 12) Scorekeepers should turn off cell phones, put them on vibrate, or give them to another Team mate. They should not answer or talk on a phone while chalking.

The original 10 Commandments were originally written by Sarah Parsons in the 1970's, and have been reprinted countless times in darts league newsletters, dart magazines, and tournament programs. Additions made in Sept. 2008.
